# UZIMA UNIVERSITY

## INTRODUCTION

Uzima University College has been established by the Archdiocese of Kisumu as a constituent College of the Catholic University of Eastern Africa-CUEA. The college seeks to specialize in the provision of the much needed medical care and expert in the region both in quality and quantity.

The establishment of Uzima University College marks the pinnacle of the long and passionate pursuit of the Archdiocese of Kisumu to change the quality of the lives of the people in the Great Lakes region. The college focuses in the teaching and research of Medical and Biomedical sciences so as to build the aptitude of the populace into a Healthy Generation as a foundation of a wealthy Generation.

## ACCREDITATION AND AUTHORIZATION

The Institution has been accredited by the Commission for University Education (CUE) to offer degree and diploma programmes in Medical & Biomedical Sciences. The programmes have been approved by professional bodies governing the teaching & practice of Medicine, Nursing & Clinical Medicine. These include East African Regional Medical Board; Medical Practitioners & Dentist Board - Kenya (MP&DB), Nursing Council of Kenya (NCK) and Clinical Officers Council (COC).

## INFRASTRUCTURE

Established at the dawn of the new millennium, Uzima University has consistently endeavored to set up splendid infrastructure and world class academic resources to support the implementation of its curricula. The management of the college has also hired a unique class of academic and support staff with sterling achievement and global recognition. The college has also partnered with the institutions of the government of the Republic of Kenya and other partners in the USA, Belgium, Germany, Italy, Japan and South Korea. This is to ensure the quality of its operations.

## A COLLEGE WITH A UNIQUE ACADEMIC CHARACTER

The establishment of Uzima University College is a landmark in the development of Medical Education and Research enterprise in Africa. The salient motive behind the establishment of the institution is the holistic formation of medical expertise of the region in values and virtues that respects and upholds human life as a special and irreplaceable Divine gift with an exceptional destiny.

Inspired by the words of Christ himself, **"I have come so that they may have life, and have it to the full – Jn 10:10"**, Uzima is a Swahili word denoting the fullness of life. The mission of the college is therefore the service of life in its fullness. This is attainable through a Cosmotheandric approach that integrates the created nature, the human and the Divine aspects of being in the quest of a holistic approach to scientific and human development.

The College is also uniquely characterized with virtues and values that promote human life through an integrated community based research network, thereby developing the local aptitude in a specific, measurable, attainable, realistic and time bound dimension a response to SDGS through a multidisciplinary and interdisciplinary establishment. This is evident in the over 400 medics who have graduated from the institution with sterling accolades in different specialities.

## OUR VISION

Uzima University college envisages a centre of excellence in Medical Education and Research for continuous improvement of the health of the people of the Great Lakes Region (AMECEA) and beyond.

## OUR MISSION

To train polished and erudite medical expertise who are focused, morally upright, innovative and well equipped for research and work in health care systems with minimal resources.
